

Administration Approval Form

IT'S TIME TEXAS' Growing Healthy Schools Program is a fundraising platform for school representatives (teachers, staff, administrators, or PTA members) to easily raise funds online to purchase equipment, materials, programs and/or athletic team gear to improve the health of the school community. IT'S TIME TEXAS will provide resources and assistance to help project leads reach their goals. If fundraising goals are reached, the associated school may be entered into a drawing for an H-E-B bonus prize valued at \$5,000 or \$10,000 to be allocated for more resources or projects to create a culture of health for students and staff.
